

SPIROSCAPE

There cannot be a simpler unit than the SPIROSCAPE. Once it is done, the user is able to focus on escape. This is made possible with the unique ambient air valve which automatically opens when the cylinder is depleted. Thereby eliminating the risk of suffocation inside the hood and no air is wasted on a low air warning alarm.

The patented air distribution system expels CO₂ from the hood optimizing the use of air from the cylinder. The air flow is activated by pulling the quick start tab. This simultaneously opens the zipper on the carrying bag, giving the user access to the hood.

Any temper-tag verifies the integrity of the unit and the cylinder content gauge can be easily read from the outside.

The SPIROSCAPE comprises of a cylinder with breathing air which can be easily recharged with the simple quick fill system, providing a unit that is easy to re-use and ideal for training.

The hood has a very flexible neck seal providing an effective seal and making the hood easy to don and comfortable to wear.

TECHNICAL DATA

- 530 x 240 x 140 mm

Tél : +33 (0)6 78 01 77 44 - www.pc-equipment.fr

STANDARDS & APPROVALS

- CE 89/686/EEC
- EN 1146
- 97/23/EG/PED
- 96/98 EC on Marine Equipment, M.E.D. ("Ships Wheel")
- NIOSH 42 CFR Part 84

FEATURES

- Unique patented automatic ambient air valve that eliminates the risk of suffocation.
- Unique patented air supply system in the hood for maximized duration and minimized dead space.
- Two-layered hood (outer and inner) positions the inner mask correctly.
- Very flexible neck seal: easy to don & comfortable to wear.
- Quiet air delivery system that allows voice communication.
- Fail safe quick start mechanism that guarantees automatic air activation.
- Compressed breathing air technology.
- Unit can be reused.
- Quick fill system for quick and easy recharging of cylinders.

ACCESSORIES

95360-02	Auto-fill adapter Spiroscape 200 bar
95360-04	Auto-fill adapter Spiroscape 3000 psi

VERSIONS

95300-02	Spiroscape 200 bar
95300-02	EMPTY Spiroscape 200 bar, Empty cylinder
95300-11	Spiroscape 3000 psi
95300-12	Spiroscape 3000 psi/15min US
