

POWERFILM 60W FOLDABLE SOLAR PANEL

The solar panels are mounted to a lightweight, weather resistant fabric. The panel fits easily into a bag and weighs just over 1.45 kg, which makes it the perfect accessory to provide power to electronic devices, when you're travelling.

Its unmatched durability allows you to use it even in the harshest conditions. The solar panel works even after being punctured. The A-SI solar modules do not need to be sun-soaked after storage. They provide power immediately when placed in the sun.

Ultra compact – ultra lightweight – easy to use

SPECS	Solar operating voltage (V)	Solar operating current (Amps)	Weight (kg)	Dimensions folded (mm)	Dimensions unfolded (mm)
PowerFilm 60W	15.4	3.6	1.45	279 x 241 x 511	1499 x 1092
